**Subject:** Curriculum in MPSD

Good Afternoon and Happy New Year!

I am doing some research and thought you guys might be able to help on a few questions. Please see below:

- (1) Can I get any details on the financial literacy class students are taking now in MPSD? I was told by a former administrator there was something in place, and would like to get details on curriculum, who takes, what grades, etc.
  - a. I also noticed the MPSD has worked with Ramsey Education in the past (possibly today) on their program, and this appears to be on a small scale with not that many students taking it from what I have found. I am curious why the district went down this path with Ramsey if there is another financial literacy program in place?
- (2) In your time working with MPSD have there been any instances of the following? If so, could you please provide details?
  - a. Eliminating programs or resources
  - b. Lowering instructional rigor or watering down curriculum

Thanks in advance for your help in answering these questions.

Sincerely,

**Tony Vlastelica** | School Board Candidate  
Manitowoc Public School District
